

Building 40

Overview

Building 40 is currently gearing up for a renovation and repurposing of the building for expanded use by other campus stakeholders. The building currently includes Howard University's Middle School of Mathematics and Science (HUMS2), which is scheduled to move into the Miner Building; currently in its final stages of a renovation. New programming for Building 40 will include:

- **3rd Level:** Office of Undergraduate Studies (OUS) Staff
- **2nd Level:** Space for Career Services
- **1st Level:** Classroom Space
- **B Level:** Space for Student Advising

Key Updates

Relocations

- HUMS2 move-out has already commenced and is tentatively set to complete all phases by August 31, 2025.
- **Please note**, start and finish of this renovation and related relocations are contingent on when HUMS2 officially moves into Miner Building.

Engagement Plan

- REDCAM meets regularly with the leaders of HUMS2 & SOE to discuss the HUMS2 move into the Miner Building and will facilitate an internal and external release upon completion of the move. REDCAM will also work with leaders from OUS and College of Fine Arts staff to coordinate a successful move into the space.
